I-Mount Album

The I-Mount album is available with a black leather cover. Prints extend to within approximately $\frac{1}{16}$ " of the page edge, offering an affordable alternative to a flush mount album.

Legend Album

Legend albums are available with a black leather cover. The Legend album pages offer a recessed image area with approximately a $\frac{5}{8}$ " area around the entire image, giving the page a matted look.

Companion LayFlat Album

Our LayFlat Albums are photographically-printed on the same paper as our Flush Mount Panorama and Hinged Albums, but offer a lighter-weight feel because of the LayFlat binding process. By using the same photo paper as our Flush Mounts, our LayFlat Albums provide the same high-quality image reproduction at a more affordable price. Select from four square sizes (5x5, 8x8, 10x10, and 12x12) and 14 different cover choices. Standard 12, 16, and 20 page layouts are available, along with a variable page option, which allows you to decide how many pages to include (10-page minimum/40-page maximum). Order separately at full-list price, or add it as a Companion to your Flush Mount order at a reduced price.

First figure represents full list price while second figure represents price when ordered as a companion / clone to a Flush Mount Hinged or Pano album.

First Edition Photo Books

First Edition Photo Books offer you the look and feel of a published book. Several sizes and finishing options are available. For fun and creative applications, choose from one of the soft cover designs. For your high end images, hard cover coffee table type books allow you to publish your own limited edition photo book.

Hard Cover Books come in 3 different sizes and are offered in 4 different cover material options – black eurohyde, brown eurohyde, black art cloth, and blue art cloth – all with or without a front cover window. Choose from Matte (standard), Semi Gloss, or Fine Art Linen for the book pages.

Binding Types

Two different types of binding are used for multi-page products. Saddle stitching is used for soft cover books. Saddle stitching is a process whereby the pages and cover of the items are held together with staples in the center of the book. The second method is referred to as Perfect binding. Perfect binding is the binding method used most commonly for paper back books. The pages are glued together on the spine of the book. Perfect binding is utilized for hard cover as well as some of the smaller soft cover books.

* Luster Coating is a water-based, environmentally friendly, non-flammable coating which protects against UV light, finger prints and dust. Luster Coating is not visible and does not change the look of the image in any way.

Fine Art Prints

Fine Art products are printed with a large format inkjet printer with the option of 3 unique materials:

- 1) *Fine Art Paper* – Fine Art paper is similar in look and feel to watercolor paper, and is a great alternative for fiber-based printing. This paper is more fragile than traditional photographic prints and must be handled and displayed with care. Standard sizes range from 8x10 to 30x40, with custom sizes available.

- 2) *Fine Art Canvas* – Printed directly on Fine Art Canvas material, unlike traditional canvas portraits where a photographic print is pressed and bonded to the canvas. Standard sizes range from 8x10 to 30x40, with custom sizes available.

This type of printing is great for both traditional portraiture and a more artistic style with impressionistic artwork.

Prints	Fine Art Paper	Fine Art Canvas

30x40	679.00	716.00
40x60	992.00	992.00

- 3) *Gallery Wrap Canvas* – Our Gallery Wraps offer a striking way to present your images. We print your image on a special Canvas material and wrap it completely around the 1.5" or 2.5" stretcher bar. The outer edges of the stretcher bar are covered with the image. Standard sizes range from 8x10 to 30x40 with custom sizes available.
